WATERFORD HORSES AND PONIES THAT HAVE GONE TO THEIR NEW HOMES

The following horses left in June to go to their new homes. Good luck to the new owners ☺

Ons-naelperd First Roun

This super mare has done Waterford proud and produced many wonderful foals for us. She will now join the Hughes Family in Potchefstroom as a broodmare. Good luck Matthew.

Gentle Giant Aero

Congrats Fiona on the purchase of this very sweet filly. I know that she is going to bring you many years of happiness!

HAPPY HOMES

We love to hear how our horses are doing at the new homes and are always grateful for photos of your Waterford Horses.

Waterford Brumby and Nimble Dusty at the Extreme Horse Trail Show in Ashburton. Brumby was placed 2nd in his class and Dusty received a deserving placed. Congratulations Ali ☺

Waterford Buddy- doing us proud in the show-jumping arena at Noordhoek. And getting hard earned kisses from his owners.

Buddy also enjoys gallops on the beach.

It sure does look like Lucia and Buddy have a fantastic partnership!

Waterford Neo is a shire cross thoroughbred. He is currently doing very well in Show-jumping. Keep up the good work Jill.

FOALS 2013

On the 09th July Waterford welcomed a new baby to the stud- Spirit of Madiba. He is a black Arab colt born from XA Fames Venture and the mare Inbiaath Duna.

FEATURED HORSE

This month, our featured horse is the registered Clydesdale stallion Jellicie. He was born on 16-12-1996 and unfortunately died on 30-11-2011. His dam was Plean Arabella and his sire was Doura Champion of the Glenn. Jellicie produced some top offspring whilst he was at Waterford Stud.

Clydesdales originated in Scotland- the first Clydesdale Horse Society was formed in Scotland in 1877. They are a large draft breed which measure between 16-19hh and can weigh up to a ton. Their legs are feathered and they have a distinct convex shaped nose. Their colour range tends to be a little more diverse than the other draught breeds- bay, brown, black , chestnut and roan are most common. Many have white patches somewhere on their body and all four legs are usually white.

Clydesdales are excellent for use in the agricultural field and for carriage work, but have gained popularity as a riding horse because of their gentle temperaments.

Waterford stud currently has 2 Clydesdale stallions and 20 breeding mares. We have numerous colts and fillies that are for sale and these can be seen on our website.

STAYING CONNECTED

Don't forget to catch Waterford on our very own Facebook page, which is updated on a regular basis. The page can be found at www.facebook.com/WaterfordFarmSA.

You can also visit us on the Waterford website which can be found at www.waterfordfarm.co.za.

Till next month...
